

About DFB

DFB specializes in the manufacturing and installation of high quality, customizable window and interior finish products for commercial and high-end residential markets. We work directly with top architectural firms, designers, and construction firms to enhance spaces through our unique product offerings.

By choosing to work with DFB, clients can expect the highest quality products along with expert installation by our skillful craftsmen. DFB oversees the entire process from conception to installation, to ensure a seamless experience when working with any of our product lines.

DFB is geared to handle both small and large projects due to our scalable manufacturing processes. Because we manufacture everything we sell, we directly support all of our products with simple and comprehensive warranties.

Residential Product

SOL-R-SHADE® OVERVIEW

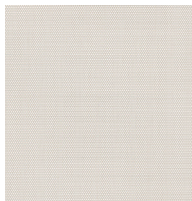

Sol-R-Shade® systems are constructed of high quality, durable materials made to efficiently manage heat and glare while maintaining outside views. The solar mesh fabric drastically reduces the sun's rays allowing your project to be more energy efficient. Sol-R-Shade® systems can be easily motorized, and are ideal for any environment.

QUICK SHIP Solar Shades

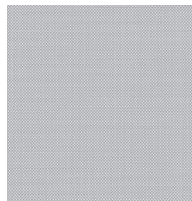

G-10 is the latest development in innovative sun control fabrics. With a more robust fiberglass core yarn, G10 is highly durable and suitable for high traffic areas. With 6 colors to choose from, G10 is a quick ship item with a guaranteed short lead time.
