

G-SERIES

G10: Durable, contract shade fabric. Most **versatile** option, available in a range of openness factors (1%, 3%, 5%, 10%). Ability to use multiple openness factors per project depending on needs. (Snow, Oatmeal, Platinum, Dove, Gunmetal, Coffee, Graphite)

G10-A: Metalized backing, Verosol, is applied, reflecting sunlight away from buildings. White fabric, no glare issues. Black fabric, no heat issues. (Snow, Oatmeal, Platinum, Gunmetal, Coffee, Graphite)

G10-B: Acoustical roller shade fabric, offering a 0.6 Noise Reduction Coefficient rating. (Snow, Oatmeal, Platinum, Gunmetal, Coffee, Graphite)

G20: Similar to G10, but with **larger basketweaves**. (Snow, Oatmeal, Platinum, Dove, Coffee, Graphite)

G30: Dual-sided shade fabric. For the standard, white is always on the back, paired with 6 colorways. (Snow, Sand, Cloud, Ash, Umber, Basalt)

G35: Acoustical roller shade fabric, with thicker, dual-sided, **twill weave** yarn. (Birch, Snow, Ash, Oatmeal, Ozark, Coffee, Parchment, Sand, Cobblestone, Huskie, Galveston, Ebony, Gunmetal)

G40: 15% openness factor, the largest openness factor we offer. (Snow, Sand, Graphite)

 **G45: Cradle to Cradle** certified **PVC Free** fabric, available in various openness factors (1%, 3%, 5%). (Snow, Frost, Oatmeal, Camel, Birch, Steel, Coffee)

 **G50: Cradle to Cradle** certified fabric, making it **100% recyclable. PVC Free** (Snow, Oatmeal, Camel, Silver, Slate, Seal, Midnight)

 **G55: Recyclable & PVC Free.** This fabric has 100% Thermoplastic Olefin (TPO) based yarn, allowing the shade fabric to be recycled back into new shade fabrics in a continuous cycle. (Cotton, Almond, Wheat, Stone, Barley, Nickel, Midnight, Bark, Slate)

 **G60:** Traditional **PVC Free** roller shade fabric. (Oyster, Sand, Pearl, Fog, Charcoal, Ebony)

G70: Blackout fabric with G10 laminate. (Snow, Cream Cheese, Platinum)

 **G75: Blackout** fabric. **PVC Free** (Dove White, White, Pearl, Latte, Seal, Cocoa, Slate, Black)

 **G80: Blackout** fabric with a smoother, softer texture, offering the most colors in our blackout line. **PVC Free** (White, Linen, Ivory, Camel, Canyon, Mushroom, Graphite, Coffee, Black)

G85: Vinyl, budget friendly **blackout** fabric. (White, Alabaster, Pewter, Slate, Black)

*To prevent **light leakage**, use Side & Sill Channels for blackout shade fabrics to cover any excess light.

G90: Vinyl coated polyester fabric that is highly durable, yet lightweight in nature. (White, Eggshell, Beige, Silver Birch, Grey, Shadow Grey, Black/Brown)
