MANUAL SHADE SYSTEM

Chain-operated Sol-R-Shade® systems provide efficient management of heat and glare using DFB's Sol-R-Control shade cloth. These shades reduce the sun's rays, allowing your project to be more energy efficient. Sol-R-Shade® offers a wide range of attachment finishing options such as fascia, contract pocket, and clip and enclosure. All attachments are available in standard white, or can be custom colored.

ABOUT

DFB specializes in the manufacturing and installation of high quality, customizable window and interior finish products for commercial and high-end residential markets. We work directly with top architectural firms, designers, and construction firms to enhance spaces through our unique product offerings.

By choosing to work with DFB, clients can expect the highest quality products along with expert installation by our skillful craftsmen. We provide everything from estimating, to product development, to production, under one roof, which ensures a seamless experience when working with any of our product lines.

DFB is geared to handle both small and large projects due to our scalable manufacturing processes. Because we make everything we sell, we directly support all of our products with simple and comprehensive warranties.
