

Our new 45° beveled, half round panels are offered both horizontally and vertically, and integrate well with our standard SWELL panels, and our traditional Panel-Tex™ flat panels.

Swell 2 is customizable, with the ability to mix and match colors, fabrics, and sizes even on the same horizontal and vertical line. This multi-use panel system provides versatility in common areas.

- Fire Rating: California Technical Bulletin 117-2013; NFPA 260 + UFAC Class 1
- Colorfastness: AATCC-16 (40 hours) 4 Minimum
- Environmental: Rapidly renewable and compostable. Certified on the EU ecolabel

GRADED-IN FABRIC

A green alternative to leather offered in a wide range of colors. Unlike standard leather hides, Brisa® is acoustically transparent, and does not have size limitations for upholstery.

BLAZER

A classic pure new wool upholstery fabric, with a cloth felted finish. Blazer is made from premium New Zealand lambswool, and is available in an expansive color palette.
